**Bulletin 2026 #10-Tarheel
Central Chapter 16 APR 2026**

**LOE 2025
Veterans!**

Congratulations to all of us! Last night I got an email from MOAA National that the Tarheel Central Chapter

MOAA was awarded the prestigious Levels of Excellence Award for 2025. We also were awarded the Harris Communication Award for 5 Star Newsletter and 5 Star Website. Way to go. We could not have achieved these awards without all of you. Thanks.

**Never Stop Serving,
Tom Miller, TCC President**

The most pressing legislation pending is the Military Care Act and the need for elected officials to support this bipartisan bill

which would require the Pentagon to establish a digital system that:

- Allows TRICARE beneficiaries to report and track military treatment facility (MTF) access-to-care issues.
- Sends access complaints to the proper patient advocate.
- Aggregates those data points for use by the Defense Health Agency (DHA) to help officials identify and address barriers to access."

Please go to this web site and send a request to your elected officials: <https://moaa.quorum.us/campaign/151857/> "Ask Your Lawmakers to Address MTF Access Problems"

Pennybyrn At Maryfield (Retirement homes in High Point, NC www.pennybyrnliving.org) is looking for a guest speaker for their Veterans Day celebration to be held on Tuesday, November 10th, at a time to be determined. The address is 109 Penny Rd, High Point, NC 27260. Please contact Hank Rudge at (814) 706-2023 if you are interested.
